

Nevada Mortgage Modification Mediation Program

The United States Bankruptcy Court for the District of Nevada is offering a training opportunity for the Nevada Mortgage Modification Mediation Program (MMM Program). An administrative order was entered in January 2015, adopting the program for the Las Vegas area. The MMM Program will be incorporated into the local rules and will authorize the program for all Chapter 13 bankruptcy cases filed in Nevada. This program provides attorneys with effective and expedited procedures to seek mortgage modification for their clients.
